CALL FOR APPLICATION FOR THE ADMISSION OF EU AND NON-EU STUDENTS TO THE DEGREE COURSES OF HEALTH PROFESSIONS IN ENGLISH OF THE SAINT CAMILLUS INTERNATIONAL UNIVERSITY OF HEALTH SCIENCES (UNICAMILLUS) FOR THE ACADEMIC YEAR 2019/2020

Article 1 – Available slots and admission requirements

Saint Camillus International University of Health Sciences, hereunder referred to as UniCamillus, has published for the academic year 2019/2020 the public call for applications for the admission to the First Year of the Degree Course in Health Professions in English, for the coverage of the slots remained available following the previous call for application:

Degree Course in :	EU and equiparated students	Non-EU students
Physiotherapy (*)	0 ¹	1
Nursing	10	0
Radiology, Diagnostic Imaging and Radiotherapy Techniques	3	15

Citizens from Norway, Vatican City, Iceland, Liechtenstein, Helvetic Confederation and the Republic of San Marino are treated as EU candidates.

Candidates who, at the date of the admission test, are already in possession of a high school diploma can take part in the selection process.

For the candidates who already have a foreign secondary school diploma issued by a foreign education system the qualifications are deemed valid, if obtained after at least 12 years of schooling; these qualifications must be accompanied by the Declaration of Value issued by the Italian diplomatic authorities.

In case the local education system provides for 11 or 10 years of schooling, the qualification is valid if it is integrated with one or two years of University studies, provided that all the exams scheduled for those academic years have been passed.

¹ EU and equiparated candidates can take part in the selection for the admission to the three-year degree course in Physiotherapy even though at the moment there are no slots allocated for them. This is possible because the DM 597 of June 28th 2019 (definition of the slots allocated for non-EU candidates residing abroad) provides that any slots not covered by non-EU candidates residing abroad are made available for EU and non-EU students residing in Italy in time for the reordering of the rankings. Basically, EU and equiparated candidates who will take part in the selection for the admission to the three-year Degree Course in Physiotherapy, will be admitted, in order of ranking, to the slots originally allocated for non-EU students, once the University will have assessed that some of the slots allocated for the non-EU candidates have remained available.

Candidates who do not possess or do not submit adequate qualifications within the deadlines indicated below, according to current legislation, will lose the benefit to enrol or forfeit their enrolment if already admitted and have no right to the refund of the amount paid.

With reference to the recognition of foreign qualifications, the University will take into account the indications provided by the Ministry of Education, University and Research "Procedures for entry, stay and matriculation of foreign / international students to courses of higher education in Italy for the academic year 2019-2020" and subsequent amendments (<http://www.studiare-in-italia.it/studentistranieri>).

NON-EU STUDENTS RESIDING ABROAD

"PROCEDURES FOR THE ENTRY, STAY AND ENROLMENT OF STUDENT VISA APPLICANTS TO THE COURSE OF HIGHER EDUCATION IN ITALY FOR THE ACADEMIC YEAR 2019-2020 AT HIGHER EDUCATION INSTITUTIONS"

Non-EU students residing abroad must comply with the ministerial provisions "Procedures for entry, stay and enrolment of student visa applicants to courses of higher education in Italy for the academic year 2019-2020 at higher education institutions" available at:

"Procedures for entry, stay and enrolment of student visa applicants to courses of higher education in Italy for the academic year 2019-2020 at higher education institutions"
http://www.studiare-in-italia.it/studentistranieri/moduli/2019/Circolare_2019_2020.pdf

For the visa application procedures please refer to:

<http://vistoperitalia.esteri.it/home/en> e <http://www.studiare-in-italia.it/studentistranieri/>.

These procedures do not replace the registration to the admission test on UniCamillus website, but are a preparatory step in order to apply for a visa in Italy for study reasons.

Article 2 – Application submission

Registration for the admission test will be possible from October 25th 2019 to November 19th 2019 at 5 p.m.

In order to complete the registration for the admission test, each candidate needs to connect to the web portal <http://www.unicamillus.org/admission-test>, register and follow the instructions.

At this stage, the candidates will be asked **to select** the Degree Course which they intend to apply for. In addition to the one selected as his/her first choice, the candidate can also indicate in order of preference one or more than one alternative Course – even all of the Degree Courses – he/she intends to apply for in case he/she is not able to be part of the list of candidates admitted for the Degree course indicated as his/her first choice.

The candidate is responsible for the information given when filling in the registration form. The presence of false, incorrect or omitted information even in only one part leads to the immediate exclusion from the test or, if already passed, the cancellation from the lists of those admitted.

Upon submission of the form for the registration to the test the candidate authorises UniCamillus to carry out checks at institutions and authorities that have issued or validated the academic qualifications attached to the application.

In case of difficulty in the registration procedure, candidates can send an e-mail to admission@unicamillus.org for assistance.

For all candidates, the participation fee of € 110.00 (one hundred and ten) is not refundable for any reason (also in the event the student fails to be present at the test).

The payment of the fee for access to the admission test does not complete the registration procedure. The registration process must be completed in its entirety under penalty of exclusion.

Article 3 – Support for candidates with disabilities or specific disorders

Candidates with disabilities or with specific learning disabilities (SLD), in relation to the specific difficulties attested by medical certification, can make explicit request for aids and/or additional time compared to those established for the general candidates, as well as further measures to guarantee equal opportunities in carrying out the entry test. “Candidates with disabilities” shall mean: blind candidates, suffering from absolute blindness or with a visual residual not exceeding one tenth in both eyes; deaf candidates, suffering from deafness from birth or before learning the spoken language; candidates with a civil disability percentage equal to or greater than 66%; candidates in possession of the handicap certification as from Italian Law 104/92 as amended by Italian Law 17/99. These conditions must result from an appropriate medical certification issued by a competent public health authority. The certifications will be accepted only if issued in Italian or English language.

“Candidates with SLD” shall mean: candidates with a diagnosis of dyslexia, dysgraphia, dyscalculia, dysorthography, resulting from appropriate clinical certification, issued by no more than three years by the National Health Service, or by specialists or structures accredited by the regional health service. The additional time allocated to candidates with SLD will be 30% more than the time set for admission tests, in accordance with Italian Ministerial Decree 5669/2011.

These requests must be specified when registering on the web portal www.unicamillus.org. The medical certification must be sent via certified email (PEC) at unicamillus@pec.it or through registered post with proof of delivery to the Registrar’s Office – UniCamillus University – Via di Sant’Alessandro – 00131 Roma, to be received no later than November 13th 2019.

Article 4 – Examination topics and admission criteria

UniCamillus admission test consists of a written test in English, composed of sixty (60) multiple choice questions of logical reasoning (25), general knowledge (5), biology (10), chemistry (10), and

physics and mathematics (10), which have five response options, among which the candidate must identify only one, discarding the wrong, arbitrary or less likely conclusions. The test will last 70 minutes.

For the evaluation of the test a maximum score of 60 (sixty) points is attributed according to the following criteria:

- 1 point for each correct answer;
- minus 0.25 points for each wrong answer;
- 0 points for each answer not given or for multiple markings or, in any case, for all non-single answers.

Article 5 – UniCamillus testing procedure

The written test will take place on November 23rd, 2019 at the location that will be published on www.unicamillus.org, where time and procedures will be detailed.

The University reserves the right to plan additional sessions, change dates, times, locations of the admission test and publication dates of results if it is deemed necessary for organizational reasons.

On the day of the written test candidates must show a valid identification document according to art. 35 of the D.P.R. December 28th 2000 n. 445.

During the tests it is absolutely forbidden the use of mobile phones, calculators, tablets, web-connecting devices and the consultation of printed books and / or manuscripts and notes. The possession of these devices must be reported to the operators who, if deemed necessary, might keep it and return it at the end of the test.

The use of pens or other unauthorized writing instruments is forbidden.

Non-compliance with these provisions will result in the exclusion from the test or its continuation if already begun.

Article 6 – Final ranking for admission

Following the completion of the test, a single ranking list based on the score achieved by each candidate in the admission test will be drawn up.

Starting from November 26th 2019 UniCamillus will publish on the website www.unicamillus.org the single ranking of merit ensuring the anonymity of the candidates.

In case of a tie, the score obtained by the candidate in the solution, respectively, of the questions pertaining to the sections of logical reasoning, general knowledge and scientific knowledge prevails in descending order. In case of further parity, the youngest candidate will prevail.

The ranking will be drawn up on the basis of the overall score achieved by the candidates and of the following criteria:

1. if the candidate is admitted to the Degree Course indicated as first option, the remaining options are cancelled;
2. if the candidate is admitted to the Degree Course indicated as second option, the third option is cancelled.

Article 7 – Assignment to the Degree Course

In case there are no slots available in the Degree Course indicated as first option, the candidate will be assigned, for the purposes of enrolment, to the Degree Course indicated as second option, and, in case no slots are available in the Course indicated as second option, he will be assigned, for the purposes of enrolment, to the Degree Course indicated as third option.

It is therefore important to indicate, upon registration to the admission test, **ONLY** the degree courses the candidate is actually interested in.

The candidate who has not entered the ranking to be admitted in the Degree Course indicated as first choice can request, upon enrolment in one of the other Degree Courses he has been admitted to, the transfer to a different Degree Course among those indicated, included the one of first choice, submitting the request by filling in the appropriate form available for download on www.unicamillus.org in his personal page or at the Registrar's Office. The request must be annexed to the enrolment application, to be submitted only to the Registrar's Office. This request entails, in case slots become available, the transfer of the candidate to the Course he has applied for. All transfers will be disclosed on the dates planned for the reordering of the ranking. Transfers to Degree Courses other than the ones indicated in the application cannot be requested.

Failure to submit the transfer request in the terms and procedure indicated will result in the enrolment in the Degree Course different from the first choice.

Transfers to Degree Courses other than the ones indicated in the application cannot be requested.

The candidate admitted for enrolment in a Degree Course of first and second choice who, for whatever reason, does not enrol according to the terms and procedures set forth in the following art. 8 of this call, will lose any benefit deriving from its position in the ranking for the purposes of enrolment, for all options expressed and this regardless of any justifications.

Article 8 – Enrolment and re-ordering procedure

The candidate who renounces or who does not complete the enrolment procedure within the deadlines indicated in this call, will not be reimbursed, under any circumstances, the amount paid.

Any vacant places in each Degree Course will be assigned to the candidates included in the single merit ranking, taking into account the progressive order occupied in the ranking itself and the options expressed and will be managed according to the following re-ordering procedure:

- Publication on www.unicamillus.org of the number of slots available for missed registrations or withdrawals (reopening of the ranking);
- those admitted for "re-ordering" of the ranking must proceed with the enrolment online and with the payment of the first instalment by 6 p.m. of the second day following the reopening of the ranking;

The form for this statement will be available for download from the portal of the University.

The admission to the degree courses in Health Professions is subject to assessment of the suitability for the performance of the activities specific to their professional profile. Failure to undergo medical assessment or any assessment of unsuitability will result in the impossibility to finalize the enrolment procedure or the cancellation of the enrolment.

All enrolled students are registered with reserve. For the final enrolment, students must submit at the teaching facilities of the Degree Courses, before the beginning of the academic year, a "Certificate of suitability specific to their professional profile", issued by the medical examiner of the Local Health Authority or by the occupational physician. It is specified that the certificate of suitability for specific professional functions, which the candidate applies for, is mandatory for the attendance of the theoretical teaching activity and to carry out the compulsory professionalizing activity for the purposes of qualification in the professional profile. The eligibility issued must attest the compatibility of the student to the performance of all the specific professional activities required by the relevant professional profiles for which the admission is required. Any psychophysical inability or failure to submit the Certificate by the deadlines indicated will determine the impossibility of final enrolment in the degree course and the loss for all purposes of the right to enroll.

Article 11 – First instalment reimbursement

The candidate who renounces or who, however, does not complete the enrolment procedure within the deadlines indicated in this call for application, will not be reimbursed, under any circumstances, of the amount paid and will be considered automatically withdrawn.

Article 12 – Remarks

The University reserves the right, in any stage of the enrolment procedure, to ascertain the truthfulness of the declarations made by the candidate, in accordance with current legislation. The candidate must therefore provide all the necessary elements to allow for the appropriate checks. In the event that the documentation submitted by the candidate contains false declarations, without prejudice to the penalties provided for by the penal code and by the special laws on the matter and

the declarer's exposure to the action for damages by the other parties, the enrolment will be cancelled, any benefits granted will be recovered and the tuition fees paid will be retained.

The publication on the University website of the final ranking of the candidates who have taken the test and of any reordering is an official notification for all purposes of law towards the interested parties.

The University reserves the right to change dates, times, testing location and publication dates of results, internship locations, both in the Region and out of the Region, and teaching methods, if it is deemed necessary for organizational reasons. The participation in the call for application implies the full and unquestionable acceptance of the provisions contained therein.

For juridical and interpretative purposes the Italian call for application approved with Rector's Decree n. 83 of October 24th, 2019, filed at the Academic Office, shall prevail.
