The change, as follows, of the table of the **available slots** set out in art. 1 of the “Call for application for the admission of EU and non-EU students to the Health Professions Degree Courses in English of the Saint Camillus International University of Health Sciences (UniCamillus) for the academic year 2019/2020”, in the section regarding the available slots for the Degree course in Physiotherapy which are increased from 1 to 3.

Degree course in :	EU and equiparated students	Non-EU students
Physiotherapy	0 ⁽¹⁾	3
Nursing	10	0
Radiology, Diagnostic Imaging and Radiotherapy Techniques	3	15

Article 2

Apart from the change as provided for in the art. 1 (increase of the vacancies of the Degree course in Physiotherapy from 1 to 3) the Rector's Degree 83 of October 24th 2019 “Call for application for the admission of EU and non-EU students to the Health Professions Degree Courses in English of the Saint Camillus International University of Health Sciences (UniCamillus) for the academic year 2019/2020” remains unchanged.

This decree will be stored in the relevant register of the UniCamillus University.

THE RECTOR
Giovan Crisostamo Profita

1) EU and equiparated candidates can take part in the selection for the admission to the three-year degree course in Physiotherapy even though at the moment there are no slots allocated for them. This is possible because the M.D. n° 597 of June 28th 2019 (definition of the slots allocated for non-EU candidates residing abroad) provides that any slot not covered by non-EU candidates residing abroad is made available for EU and non-EU students residing in Italy in time for the reordering of the rankings. Basically, EU and equiparated candidates who will take part in the selection for the admission to the three-year Degree Course in Physiotherapy, will take over, according to the ranking, the slots originally allocated for non-EU students, once the University will have assessed that some of the slots allocated for the non-EU candidates have remained available.
