Saint Camillus International University of Health Sciences, hereunder referred to as UniCamillus, has published the public call for application for the admission to the first year of the three-year Degree Courses in the Health Professions in Italian language of the Saint Camillus International University of Health Sciences (UniCamillus) for the Academic Year 2021/2022 to fill the slots resulted vacant after the last call for application:

Degree Course in :	EU and equiparated students	Non-EU students
Midwifery	0[1]	32
Biomedical Laboratory Techniques	1	41

Citizens from Norway, Iceland, Liechtenstein, Helvetic Confederation, Republic of San Marino and Vatican City are treated as EU candidates.

Candidates in possession of a secondary school diploma on the date of the test are admitted to participate in the admission test.

For candidates who have obtained a secondary school diploma belonging to a foreign system, foreign qualifications are considered valid if obtained after at least 12 years of schooling provided that they are accompanied by the Declaration of Value issued by the Italian diplomatic representations.

1 EU and equiparated candidates can participate in the selection procedure for the three-year Degree Course in Midwifery although at the present time the number of available slots is zero. This is because Ministerial Decree 733 of 25 June 2021 (definition of slots for non-EU candidates residing abroad) provides that any places not covered by non-EU candidates residing abroad are made available to EU and non-EU students residing in Italy in time for the scrolling of the relative rankings. This means that EU and equiparated candidates who will participate in the selection procedure for the three-year Degree Course in Midwifery will be admitted, according to the order of ranking, to the slots announced for non-EU citizens, when the University has ascertained that some of the slots banned for non-EU citizens remained vacant.

In the event that the local school system provides for 11 years or 10 years of schooling, the qualification is valid if integrated with one or two years of university, provided that all the exams scheduled for those academic years have been passed.

Candidates who do not possess or do not present, within the terms indicated below, a suitable qualification, pursuant to current legislation, lose the enrolment benefit or forfeit enrolment if already admitted and are not entitled to a refund of the amount paid.

With reference to the recognition of foreign qualifications, the University will take into account the indications provided by the Ministry of Education, University and Research "Procedures for entry, residence and registration of foreign / international students to of higher education in Italy for the academic year 2021-2022"(http://www.studiare-in-italia.it/studentistranieri).

NON-EU STUDENTS RESIDING ABROAD

"PROCEDURES FOR ENTRY, RESIDENCE AND ENROLMENT OF VISA APPLICANTS FOR HIGHER EDUCATION COURSES IN ITALY FOR THE ACADEMIC YEAR 2021-2022 AT HIGHER EDUCATION INSTITUTIONS"
Non-EU students residing abroad must comply with the ministerial provision "Procedures for entry, residence and registration of students applying for visas for higher education courses in Italy for the academic year 2021-2022 at higher education institutions" available at the link: http://www.studiare-in-italia.it/studentistranieri

For the procedures for obtaining a visa, please see http://vistoperitalia.esteri.it/home/en and http://www.studiare-in-italia.it/studentistranieri/.

These procedures do not replace the enrolment in the admission test to the courses published on the UniCamillus website, but constitute a preparatory step for applying for an entry visa to Italy for study reasons.

Article 2 – Application submission

Registration for the admission test will be possible until 1PM on 29 September 2021.

In order to complete the registration for the admission test, each candidate needs to register on the web portal http://www.unicamillus-admission.ilmiotest.it/ and follow the instructions.

At this stage, the candidate will be required to choose the Degree Course for which he intends to compete.

The candidate has the right, in addition to the course selected as first choice, to also indicate the second degree course for which he intends to compete in the event that he is unable to enter the list of candidates admitted for the degree course indicated by them as first.

The candidate is responsible for the information given when filling in the registration form. The presence of false, incorrect or omitted information results in the immediate exclusion from the test or, if already passed, the cancellation from the lists of those admitted.

With the submission of the registration form the candidates authorise UniCamillus to carry out checks at institutions and authorities that have issued or validated the qualifications declared.

In case of difficulty in the registration procedure, an e-mail can be sent to admission@unicamillus.org for assistance.

For all candidates, the participation fee for the test, Euro 110.00 (one hundred and ten), is not refundable for any reason (even in the case of failure to take the admission test).

The payment of the fee for access to the admission test does not in itself complete the registration procedure. The registration process referred to above must be completed at the same time in all its parts under penalty of exclusion.

Article 3 – Support for candidates with disabilities or specific disorders

Candidates with disabilities or with specific learning disabilities (SLD), in relation to the specific difficulties attested by medical certification, can make explicit request for aids and/or additional time compared to those established for the other candidates, as well as further measures to guarantee equal opportunities in carrying out the entry test. "Candidates with disabilities" shall mean: blind candidates, suffering from absolute blindness or with a visual residual not exceeding one tenth in both eyes; deaf candidates, suffering from deafness from birth or before learning the spoken language; candidates with a civil disability percentage equal to or greater than 66%; candidates in possession of the handicap certification as from Italian Law 104/92 as amended by Italian Law 17/99. "Candidates with SLD" shall mean: candidates with a diagnosis of dyslexia, dysgraphia, dyscalculia, dysorthography, resulting from appropriate clinical certification, issued by no more than three years by the National Health Service, or by specialists or structures accredited by the regional health service. The additional time allocated to candidates with SLD will be 30% more than the time set for admission tests, in accordance with Italian Ministerial Decree 5669/2011.

This request and the related medical documentation must be sent via registered mail with return receipt or hand delivered to the Registrar's Office – UniCamillus University – Via di Sant'Alessandro – 00131 Roma, to be received no later than September 3rd 2021.

Article 4 – Topics of the admission test and selection criteria

The admission test to UniCamillus consists of a written test in Italian language consisting of sixty questions (60) with multiple choice of logical reasoning (20), general culture (5), Biology (10), Chemistry (10), Physics (10) and Mathematics (5) which present five answer options, among which the candidate must identify only one, discarding incorrect, arbitrary or less probable conclusions.

The admission test will last 60 minutes.

For the evaluation of the admission test, a maximum score of 60 (sixty) points is assigned according to the following criteria:

◦ 1 point for each correct answer;

◦ minus 0.25 points for each wrong answer;

◦ 0 points for each answer not given or for multiple markings or, in any case, for all non-unique answers.

Article 5 – Carrying out the UniCamillus' test

The written test will take place on 2 October 2021 in the venue which will be published in good time on the website www.unicamillus.org and all the procedures and times will be detailed.

The University reserves the right to plan additional sessions, change dates, times, locations of the admission test, publication dates of the results and test delivery methods, which can also be electronically, if deemed necessary for organizational reasons and / or for national security needs. In case of postponement, as long as it is decided prior to the deadline for enrolment in the admission test, it will be possible to postpone the deadlines for submitting enrolment applications and, where deemed useful, consequently modify the other dates provided for in this Call.

On the day of the written test candidates must show a valid identification document according to art. 35 of the D.P.R. December 28th 2000 no. 445.

During the test the use of mobile phones, calculators, tablets, web-connecting devices and the consultation of printed books and/or manuscripts and notes is absolutely forbidden. The possession of these devices must be reported to the operators who, if deemed necessary, might keep them and return them at the end of the test.

The use of pens or other unauthorized writing instruments is forbidden.

Non-compliance with these provisions will result in the exclusion from the test or its continuation if already begun.

Article 6 – Final ranking list

Following the completion of the test, a single merit ranking will be drawn up based on the score achieved by each candidate in the admission test.

UniCamillus will, by 7 October 2021, publish the final ranking on the website www.unicamillus.org, guaranteeing the anonymity of the candidates.

Candidates can verify their position in the ranking using the unique code assigned to them when registering for the admission test.

In the event of a tie in the score, the candidate who obtained the highest score in the solution of, respecitvely, logical reasoning, general culture and scientific culture questions prevails. In the event of a further equal score, the youngest candidate will prevail.

Article 7 – Assignment to the Degree Course

In case there are no slots available in the Degree Course indicated as first option, the candidate will be assigned, for the purposes of enrolment, to the Degree Course indicated as second option.

It is therefore important to indicate, upon registration to the admission test, ONLY the degree courses the candidate is actually interested in.

The candidate who has not entered the ranking to be admitted in the Degree Course indicated as first choice can request, upon enrolment in one of the other Degree Courses he has been admitted to, the transfer to the Degree Course indicated as first choice, submitting the request by filling in the appropriate form available at the Registrar's Office. The request must be annexed to the enrolment application, to be submitted only to the Registrar's Office. This request entails, in case slots become available, the transfer of the candidate to the Course he has applied for. All transfers will be reported on the dates planned for the reordering of the ranking. Transfers to Degree Courses other than the ones indicated in the application cannot be requested.
Failure to submit the transfer request in the terms and procedure indicated will result in the enrolment in the Degree Course different from the first choice.

The candidate admitted for enrolment in a Degree Course of first and second choice who, for whatever reason, does not enrol according to the terms and procedures set forth in this call, will lose any benefit deriving from its position in the ranking for the purposes of enrolment, for all options expressed and this regardless of any justifications.
