## **CALL FOR APPLICATION FOR THE ADMISSION OF NON-EU STUDENTS TO THE SIX-YEAR DEGREE COURSE IN MEDICINE AND SURGERY TAUGHT IN ENGLISH OF SAINT CAMILLUS INTERNATIONAL UNIVERSITY OF HEALTH SCIENCES (UNICAMILLUS) FOR THE ACADEMIC YEAR 2022/2023**

### **Article 1 – Available slots and admission requirements**

Saint Camillus International University of Health Sciences, hereunder referred to as “**UniCamillus**” or the “**University**”, has published for the academic year 2022/2023 the public call for applications for the admission to the first year of the Degree Course in Medicine and Surgery in English language.

225 (two hundred and twenty-five) slots are available for non-EU applicants residing abroad.

The number of slots available may vary as a result of what will be established by Decree of the Ministry of University and Research (MUR), in accordance with Law no. 264 of August 2<sup>nd</sup> 1999. The Decree of the MUR may decide the confirmation, increase or decrease of the slots specified in this call or application. The University will make the aforementioned Ministerial Decree accessible on its website.

Citizens from Norway, Iceland, Liechtenstein, Helvetic Confederation, Republic of San Marino and Vatican City are treated as EU candidates and must refer to the related call for application. Equal treatment applies to the categories that – according to what is provided by art. 26 of Italian Law July 30<sup>th</sup> 2002, no. 189 and subsequent modifications and alterations – access the courses under the same conditions as the Italian students.

Applicants wishing to take the admission test to enter the Degree Course in Medicine and Surgery must meet one of the following criteria:

- possess a secondary school diploma that gives access to the University, issued by a State or equivalent educational institution of the Italian education system in Italy or abroad;
- possess final qualification of secondary education issued by an institution belonging to a foreign school system, located in Italy or abroad, obtained following a course of at least 12 years of schooling;
- possess final qualification of secondary education obtained in a school system that includes 10 or 11 years of schooling, supplemented with one or two years of university, provided that all the exams scheduled for those academic years have been passed.

Candidates enrolled in the last year of secondary school at the state and private school institutions of the Italian education system, or at a foreign secondary education institution that allows the achievement of a valid qualification for the admission to courses of higher education of the Italian system, can also apply to UniCamillus, provided that they achieve their qualification by the last expected date for the enrolment for the academic year 2022/2023, under penalty of non-usability of the admission test result.

Students already in possession of an academic degree (obtained in Italy or abroad) and those who come from another degree course are required to observe the same procedures indicated in this

call for applications and take the admission test.

With regard to candidates who have obtained a High School Diploma, or are in their final year of High School, and have studied in a foreign institution, the related foreign qualifications are deemed valid only if accompanied by a Declaration of Value issued by the Italian diplomatic representation.

Candidates who do not possess or do not submit adequate qualifications within the deadlines indicated below, according to current legislation, will lose the benefit to enrol or will lose their enrolled status - if already admitted - and have no right to the refund of the amount paid to the University.

With reference to the recognition of foreign qualifications, the University will take into account the indications provided by the Ministry of University and Research "*Procedures for entry, stay and enrolment of foreign / international students to courses of higher education in Italy for the academic year 2021/2022*" and subsequent amendments (<http://www.studiare-in-italia.it/studentistranieri>).

To those eligible ranking favourably the University will make available **two cycles** of ancillary seminars for the medical profession (herein after referred to as the "**Seminars**"). The Seminars are to be used in exclusive way and, although not part of the academic curriculum or subject to examination, they are considered by the University to be extremely useful for educational purposes. The use of the Seminars will be made available by the University through the activation and transmission in favor of the single candidate usefully classified, of unique credentials that cannot be transferred or made available to others and that can be used with maximum flexibility according to the user preferences. With the activation and transmission of the credentials, the student has full availability of the contents of the Seminars that, for this reason, will be considered used. Failure to attend the Seminars constitutes an independent choice by the student and cannot therefore, under any circumstances, be invoked for requests for the refund of contributions already paid, which will therefore not be reimbursed by the University to the student even following the presentation of study waiver or transfer requests, referred to in Article 8.

## **Article 2 – Application submission**

To enter the Degree Course in Medicine and Surgery candidates are required to take an admission test. Registration for the admission test will be possible from 10<sup>th</sup> December 2021 to 31<sup>st</sup> January 2022 at 1 PM.

In order to complete the registration for the admission test, each candidate needs to register on the web portal <http://www.unicamillus-admission.ilmiotest.it/> as non-EU student, and follow the instructions.

The amount paid will not be reimbursed for any reason.

The candidate is responsible for the information given when filling in the registration form. The presence of false, incorrect or omitted information results in the immediate exclusion from the test or, if already passed, the cancellation from the lists of those admitted.

With the submission of the registration form the candidates authorise UniCamillus to carry out

checks at institutions and authorities that have issued or validated the qualifications declared.

In case of difficulty in the registration procedure, an e-mail can be sent to [admission@unicamillus.org](mailto:admission@unicamillus.org) for assistance.
