CALL FOR APPLICATION FOR THE ADMISSION OF EU AND EQUIPARATED STUDENTS TO THE THREE-YEAR DEGREE COURSES IN THE HEALTH PROFESSIONS IN ENGLISH OF THE SAINT CAMILLUS INTERNATIONAL UNIVERSITY OF HEALTH SCIENCES (UNICAMILLUS) FOR THE ACADEMIC YEAR 2022/2023

Article 1 – Available slots and admission requirements

Saint Camillus International University of Health Sciences, hereunder referred to as “**UniCamillus**” or the “**University**”, has published for the academic year 2022/2023 the public call for applications for the admission to the First Year of the Degree Courses in Health Professions taught in English.

The following slots are available for EU and equiparated candidates (Article 26 of Italian Law 30th July 2002, no. 189 and subsequent modifications and integrations):

- no. 35 slots in the Degree Course in Nursing;
- no. 15 slots in the Degree Course in Physiotherapy;
- no. 10 slots in the Degree Course in Radiology, Diagnostic Imaging and Radiotherapy Techniques.

The number of slots available may vary as a result of what will be established by Decree of the Ministry of University and Research (MUR), in accordance with Law no. 264 of August 2nd 1999. The Decree of the MUR may decide the confirmation, increase or decrease of the slots specified in this announcement. The University will make the aforementioned Ministerial Decree accessible on its website.

The selection procedures include two test sessions: ordinary and extraordinary (if any). If, following the outcome of the registration procedures of the ordinary session, there are vacancies, an extraordinary session will be held. The number of vacancies and any extraordinary session will be notified by publication on the University website, which is the only official communication tool of the University.

Citizens from Norway, Iceland, Liechtenstein, Helvetic Confederation, Republic of San Marino and Vatican City are treated as EU candidates.

Candidates in possession of a secondary school diploma on the date of the test and candidates who, on the date of the test, are attending the last year of secondary school are admitted to participate in the admission test.

For candidates who have already achieved a secondary school diploma issued by a foreign education system or are enrolled in the last year necessary to obtain it, foreign qualifications are deemed valid, if obtained after at least 12 years of schooling; these qualifications must be accompanied by the Declaration of Value issued by the Italian diplomatic authorities.

In case the local education system provides for 11 or 10 years of schooling, the qualification is valid if it is integrated with one or two years of University studies, provided that all the exams scheduled for those academic years have been passed.

Candidates who do not possess or do not submit adequate qualifications within the deadlines indicated below, according to current legislation, will lose the benefit to enrol or forfeit their enrolment - if already admitted - and have no right to the refund of the amount paid to the University.

With reference to the recognition of foreign qualifications, the University will take into account the indications provided by the Ministry of University and Research "*Procedures for entry, stay and enrolment of foreign / international students to courses of higher education in Italy for the academic year 2021/2022*" and subsequent amendments (<http://www.studiare-in-italia.it/studentistranieri>).

Article 2 – Application submission

Registration for the admission test will be possible:

- starting from 3rd December 2021 until 9th February at 1 PM for the ordinary session;
- until 28th September 2022 at 1 PM for the extraordinary session (if any).

In order to complete the registration for the admission test, each candidate needs to connect to the web portal <https://unicamillus-admission.ilmiotest.it/> register and follow the instructions.

At this stage, the candidates will be asked to select the Degree Course which they intend to apply for. In addition to the one selected as his/her first choice, the candidate can also indicate in order of preference one or more alternative Courses – even all of them – he/she intends to apply for, in case he/she is not able to be part of the list of candidates admitted for the Degree course indicated as his/her first choice.

The candidate is responsible for the information given when filling in the registration form in every part. The presence of false, incorrect or omitted information even in only one section leads to the immediate exclusion from the test or, if already passed, the cancellation of the candidate from the lists of those admitted, without any right to reimbursement of payments made.

Candidates wishing to register for the admission test before reaching the age of majority must follow the procedure with the help of a person who exercises parental authority.

Upon submission of the form for the registration to the test the candidate authorises UniCamillus to carry out checks at institutions and authorities that have issued or validated the academic qualifications attached to the application.

In case of difficulty in the registration procedure, an e-mail can be sent to admission@unicamillus.org for assistance.

For all candidates, the participation fee to the admission test of Euro 110,00 (one hundred and ten), is not refundable for any reason (also in the event the student fails to be present at the admission test). The payment of the test participation fee, which must in any case be made in compliance with the deadlines indicated above, can be made through Paypal in the manner provided for in the online system.

The payment of the fee for access to the admission test does not complete the registration procedure for the admission test. The registration process itself must be completed in its entirety under penalty of exclusion.

Article 3 – Support for candidates with disabilities or specific disorders

Candidates with disabilities or with specific learning disabilities (SLD), in relation to the specific difficulties attested by medical certification, can make explicit request for aids and/or additional time compared to those established for the other candidates, as well as further measures to guarantee equal opportunities in carrying out the entry test. “Candidates with disabilities” shall mean: blind candidates, suffering from absolute blindness or with a visual residual not exceeding one tenth in both eyes; deaf candidates, suffering from deafness from birth or before learning the spoken language; candidates with a civil disability percentage equal to or greater than 66%; candidates in possession of the disability certification as from Italian Law 104/92 as amended by Italian Law 17/99. This request and the related medical documentation must be sent via registered mail with return receipt or hand delivered to the Registrar’s Office – UniCamillus University – Via di Sant’Alessandro – 00131 Roma, to be received no later than 26th January 2022 at 1 PM for the ordinary session and 13th September 2022 at 1 PM for the extraordinary session, if any.

- 1 point for each correct answer;

Article 5 – UniCamillus Testing Procedures

For the ordinary session, the written test will be held in home-based telematic mode with remote surveillance and assistance on 13 February 2022. For the extraordinary session (if any), the written test will be held physically in Rome on 1 October 2022, at the venue and at the time that will be indicated in the invitation to the test.

The University reserves the right to plan additional sessions, change dates, times, locations of the admission test, publication dates of results and the test delivery method, also electronically, if it is deemed necessary for organizational reasons and/or for reasons of health safety, notifying all candidates through public notices on the University website.

In case of deferment, as long as it is decided prior to the deadline for the application to the admission test, the University reserves the right to postpone the deadlines for the submission of the applications and, where deemed useful, accordingly modify the other dates provided for by this Call.

On the day of the written test candidates must show a valid identification document according to art. 35 of the D.P.R. 28th December 2000 no. 445.

During the test the use of mobile phones, calculators, tablets and web-connecting devices is absolutely forbidden - except for carrying out the "computer based from home" test and according to the instructions that will be given by the administration of the test. The consultation of printed books and / or manuscripts and notes is equally forbidden.

During the test it will be allowed to use a blank sheet and a pen for any notes and / or calculations. Non-compliance with these provisions will result in the exclusion from the test or from its continuation if already begun.

Article 6 – Final ranking for admission

Following the completion of the test, a single ranking list based on the score achieved by each candidate in the admission test will be drawn up.

The results of the test will be available:

- within February 16th 2022 for the ordinary session;
- within October 5th 2022 for the extraordinary session (if any).

Each candidate is invited to keep the unique code assigned to him when registering for the admission test.

In case of a tie, the score obtained by the candidate in the solution, respectively, of the questions pertaining to the sections of logical reasoning, general knowledge and scientific knowledge prevails in descending order. In the event of a further tie, the youngest candidate will prevail.

The ranking will be drawn up based on the overall score achieved by the candidates and following the criteria below:

1. if the candidate is admitted to the Degree Course indicated as first option, the remaining options are cancelled;
2. if the candidate is admitted to the Degree Course indicated as second option, the third option is cancelled.

Candidates not admitted in the ordinary session can re-apply for the extraordinary one (if any) by re-submitting the application for admission to the test in accordance with the procedures and timing set out in art. 2 of this Call.

Article 7 – Assignment to the Degree Course

In case there are no slots available in the Degree Course indicated as first option, the candidate will be assigned, for the purposes of enrolment, to the Degree Course indicated as second option and, in the event no slots are available in the Degree Course indicated as second option, he will be assigned, for the purposes of enrolment, to the Degree Course indicated as third option.

It is therefore important to indicate, upon registration to the admission test, **ONLY** the Degree Courses the candidate is actually interested in.

The candidate who has not entered the ranking to be admitted in the Degree Course indicated as first choice can request, upon enrolment in one of the other Degree Courses he has been admitted to, the transfer to the Degree Course indicated as first choice, submitting the request by filling in the appropriate form, available for download in his personal page on www.unicamillus.org or at the Registrar's Office. The request must be annexed to the enrolment application, to be submitted only to the Registrar's Office. This request entails, in case slots become available, the transfer of the candidate to the Course he has applied for. All transfers will be reported on the dates planned for the "scrolling" of the ranking. Transfers to Degree Courses other than the ones indicated in the application cannot be requested.

Failure to submit the transfer request in the terms and procedure indicated will result in the enrolment in the Degree Course different from the first choice.

The candidate admitted for enrolment in a Degree Course of first, second and third choice who, for whatever reason, does not enrol according to the terms and procedures set forth in this call, will lose any benefit deriving from its position in the ranking for the purposes of enrolment, for all options expressed and this regardless of any justifications.
