Personal information

First name(s) / Surname(s) **Roberto Padua**

Address(es)

Telephone(s)

Fax(es)

E-mail

Nationality

Date of birth

Gender

Work experience

Dates 2008 - today

Occupation or position held Researcher Adjunct

Main activities and responsibilities Clinical research

Name and address of employer Fondazione don Gnocchi, Milano Italy

Dates 2008 - today

Occupation or position held Research Adjunct

Main activities and responsibilities Clinical research

Name and address of employer Nicola's Foundation Arezzo, Italy

Dates 2008 - today

Occupation or position held Self employed Orthopaedic Surgeon

Main activities and responsibilities Surgery and Clinic

Name and address of employer Clinica Villa Stuart - Rome Italy

Dates 1991- today

Occupation or position held Self employed Orthopaedic Surgeon

Main activities and responsibilities Surgery and Clinic

Name and address of employer Clinica Villa del Rosario, Rome Italy

Dates 2010 - today

Occupation or position held Self employed Orthopaedic Surgeon

Main activities and responsibilities Surgery and Clinic

Name and address of employer Clinica San Feliciano, Rome Italy

Dates Since 2016

Occupation or position held	Self employed Orthopaedic Surgeon
Main activities and responsibilities	Surgery and Clinic
Name and address of employer	Humanitas hospital, Rozzano (MI) Italy

Dates	2008-2010
-------	-----------

Occupation or position held	First level Medical Director and Chief of Surgery Sports and Traumatology Unit
Main activities and responsibilities	Surgery and Clinic
Name and address of employer	ASL RMB Sandro Pertini Hospital, Rome Italy

Dates	2000-2008
-------	-----------

Occupation or position held	First level Medical Director and Chief Shoulders Surgery Unit
Main activities and responsibilities	Surgery and Clinic
Name and address of employer	ASL RMA San Giacomo Hospital

Dates	1999-2000
-------	-----------

Occupation or position held	Research Fellowship
Main activities and responsibilities	Research, Surgery and Clinic
Name and address of employer	Catholic University of Rome

Dates	1998-2013
-------	-----------

Occupation or position held	Co-founder and President of GLOBE (Working Group for Orthopedics based on Evidence of Effectiveness)
Main activities and responsibilities	Research and dissemination orthopedic science

Dates	1994-1995
-------	-----------

Occupation or position held	Military Service as Medical Lieutenant
Main activities and responsibilities	Medical Chief of clinic of X ° Autogruppo of Rome
Name and address of employer	Defence Ministry

Education and training

Dates	1992-1997
-------	-----------

Title of qualification awarded	Specialist in Orthopaedics and Traumatology (50/50 cum laude) with a thesis entitled: "The Importance of electrophysiological examination in surgery of carpal tunnel syndrome: an original study."
--------------------------------	---

Principal subjects/occupational skills covered	Skill in orthopaedics science and orthopaedics and traumatology surgery, in particular new surgical techniques as arthroscopic joint surgery and reconstructions
--	--

Name and type of organisation providing education and training	Catholic University of the Sacred Heart in Rome
--	---

Dates	1985-1990
-------	-----------

Title of qualification awarded	Degree in Medicine and Sugery (109/110) with the thesis entitled "Orthopaedic treatment of lumbar scoliosis."
--------------------------------	---

Principal subjects/occupational skills covered	Skill in medical sciences in partcular in diagnostic and treatment of human diseases
--	--

Name and type of organisation providing education and training	University of Perugia
--	-----------------------

Dates	1984
-------	------

Title of qualification awarded	High School Diploma
--------------------------------	---------------------

Name and type of organisation
providing education and training

G.Visconti in Rome

Personal skills and competences

Mother tongue(s)

Italian

Other language(s)

English

Self-assessment

European level (*)

Language

Understanding		Speaking		Writing
Listening	Reading	Spoken interaction	Spoken production	
good	good	good	good	excellent

(*) Common European Framework of Reference for Languages

Organisational skills and competences

Skill on team building and team working (experiences in building on working team and sport team (sail and football))

Computer skills and competences

Excellent knowledge of Office packages (Word, Excel, Access, Powerpoint), Internet Explorer, e-mail and Mac packages

Scholarship

In 1997, he won a scholarship of Columbus Association of the Department of Orthopaedics of the Institute.

In 1998, he won a scholarship of Columbus Association of the Department of Orthopaedics of the Institute.

In 1998, he won a SIOT scholarship for a research project in orthopedic clinic of the Institute of Biomedical Campus.

In 1999 he won the prize SPA (Company Products Antibiotics) with the work "assessment methodology and quantitative bone pain: the value of subjectivity and design of the study in low back pain"

Surgical activities

In the period January 2001 - October 2008 at the San Giacomo hospital in Rome he carried out as the first operator in 1006 orthopedic operations. In particular performed 381 knee arthroscopy (including 92 reconstructions of ACL), 317 interventions of major trauma, 67 prosthetic interventions (shoulder, knee and hip) , 107 arthroscopic shoulder (including, of rotator cuff tears, instability and other) and 134 interventions of general orthopedics such as neurolysis, corrective osteotomies, and more. This surgical activity is certified by the health department of the same hospital .

After this period, he continued to work at operating theaters with a similar pace . In particular from 2008 to 2018 he carried many surgeries including over 300 shoulder arthroscopy (for the rotator cuff injury and instability) , 200 knee arthrocopy (for meniscal lesion, ACL reconstruction, and other), 80 prosthetic operations (hip and knee at all) and trauma interventions .

Teaching and accademic issue

In November 1995 he organized in the 80th National Congress SIOT the session entitled: "The Iconography in Congress. Quality of presentation and communication of scientific message"

He was in the scientific committee of the 2nd Neurophysiological Romana by the argument : The Spinal radiculopathy and carpal tunnel syndrome

In November 1997, he organized 'in the 82 th National Congress SIOT the session entitled ' Analysis of the results in Orthopaedics . The evaluation and value of the patient's perspective

He was in the scientific committee of the 3rd day Neurophysiological Romana by the argument : Outcomes Research in neurology and pathology of the musculoskeletal system

In the 83 th National Congress SIOT he organized the session entitled " Tools for assessing the state of health in the pathology of the locomotor system "

He was adjunct professor in the University of Perugia on Orthopaedics and Traumatology

On the 12th AO Basic Course, he was Instructor

In 84th National Congress SIOT he organized the session entitled " evidence based Orthopaedics"

On the 13th Advanced Course AO he was instructor

In November 1999 he won the SIOT prize " Bellando Randone " for the best publication in Orthopaedics in the year 1998 the book Analysis of results in pathology of the musculoskeletal system.

On the EFORT Congress 2001 in Rhodes he organized of the session " Evidence Based Ortopedics"

He was a lecturer of " progress update on the Diagnosis and Treatment of Carpal Tunnel Syndrome and other syndromes canalicular devices" at the institution of Neurology of the Catholic University S. Heart of Rome in 2001.

He organized the 1st World Congress on E- MUSK EBM applied at muscolo - skeletal apparatus in Ferrara in 2001 .

He was the coordinator and professor of the course " The evidence-based medicine" of Scuola Medica Ospdaliera of Rome during the period January-July 2002

He organized of the session EBM in Congress OTODI 2002 in Bergamo in May 2002 .

He was a lecturer of " progress update on the Diagnosis and Treatment of Carpal Tunnel Syndrome and other syndromes canalicular devices" at the institution of Neurology of the Catholic University Sacred Heart of Rome in 2002.

He was a lecturer of " progress update on the Diagnosis and Treatment of Carpal Tunnel Syndrome and other syndromes canalicular devices" at the institution of Neurology of the Catholic University Sacred Heart of Rome in 2003.

He organized in the EFORT Congress 2003 in Helsinki the session " Evidence Based Ortopedics"

He was the coordinator and professor of the course " The evidence-based medicine " of Scuola Medica Ospdaliera of Rome during the period January-July 2003

He was a lecturer of the " Refresher Course on Diagnosis and Treatment of Carpal Tunnel Syndrome and other syndromes canalicular devices" at the institution of Neurology of the Catholic University Sacred Heart of Rome in 2003.

In 2003/2004 he organized the "Meetings orthopedic training at the San Giacomo ": five thematic meetings on topics of orthopedics and traumatology.

He was a lecturer of " progress update on the Diagnosis and Treatment of Carpal Tunnel Syndrome and other syndromes canalicular devices" at the institution of Neurology of the Catholic University Sacred Heart of Rome in 2004.

In 2004 he organized a conference on the problems of shoulder replacement for the year 2005 at national level.

Since 2007 he is a researcher at the Don Gnocchi Foundation of Rome with two research projects ongoing.

Since 2008 he is a researcher of Nicola 's Foundation of Arezzo.

Professor Catholic Univesity 2017/2018 Campobasso

	Professor at Catholic university 2018/2019 Campobasso
Research project	Ulnar neuropathy for Fondazione don Gnocchi (2008-2009 ended) Rehabilitation of rotatory cuff lesion: subjective and objective outcome for Fondazione don Gnocchi (2008-2009 - ended) Relationship between tunnel position and outcome in ACL reconstruction for Fondazione don Gnocchi (2009-2010 ended) Neuropathy suprascapular nerve in rotatory cuff lesion for Fondazione don Gnocchi (2010-2011 ended) Rehabilitation in shoulder arthroplasty for proximal humeral fractures: subjective and objective outcome for Fondazione don Gnocchi (2011-2012 ended)
