## EXEMPTION OF DEADLINE FOR THE ACQUISITION OF ISEE DECLARATION TO 10/12/2020

Given the persistent emergency situation due to the Covid-19 pandemic that is currently causing students problems in travelling in their own Regions, and given the difficulties due to delays of the designed offices which are responsible for the acquisition of the ISEE declarations (C.A.F. - Centri di Assistenza Fiscale "Fiscal Assistance Centers"), the University decided to accommodate the requests made by many students regarding these issues by authorizing an exemption of the deadline in order to allow students to benefit from economic facilitations deriving from the ISEE declaration. It is therefore reported that

### **THE DATA ACQUISITION REGARDING THE ISEE DECLARATION IS EXTENDED TO DECEMBER 10TH 2020.**

Hence we remind all students enrolled in the Master's Degree Course in Medicine and Surgery and in the Bachelor's Degree Courses in Health Professions who want to benefit of tax remodulation as provided for by the Regulation for Taxes and Contribution, by presenting the ISEE declaration for the right to University education, to give authorization to access the INPS database so that UniCamillus can automatically collect the reported data by December 10th 2020.

**The authorization must be given exclusively on the student's portal, by accessing to the section "Personal Data - I.S.E.E.". The University will *not* accept ISEE declarations sent in original paper copy or by email, even if they are sent by the deadline ( 10/12/2020 ).**

We remind you that the ISEE declaration must be presented to the Fiscal Assistance Centers ("Centri di Assistenza Fiscale" - C.A.F.) or directly to the INPS. In order to benefit from the tax remodulation according to the personal ISEE 2020 for the right to University education, it is necessary that the ISEE declaration is already calculated and registered in the INPS database by the deadline ( 10/12/2020 ). Given that are required many days to have the ISEE declaration ready, it is essential to present the documentation as soon as possible, if you have not yet done it.

The University will apply the entire tuition amount without any remodulation in the following cases:

- the amount reported on the ISEE declaration is higher than the last bracket as provided in the tables in the Regulations for Taxes and Contribution of reference;
- the ISEE declaration has not been presented to the INPS by the deadline, even if you have given authorization on your portal;
- you have not given the authorization to access the INPS database;
- the presented ISEE declaration is not valid for the right to University education;
- all the cases in which the ISEE declaration contains irregularities that prevent the automatic data collection.
