CALL FOR APPLICATION FOR THE ADMISSION OF NON-EU STUDENTS TO THE SIX-YEAR DEGREE COURSE IN MEDICINE AND SURGERY IN ENGLISH OF SAINT CAMILLUS INTERNATIONAL UNIVERSITY OF HEALTH SCIENCES (UNICAMILLUS) FOR THE ACADEMIC YEAR 2021/2022

Article 1 – Available slots and admission requirements

Saint Camillus International University of Health Sciences, hereunder referred to as UniCamillus, has published for the academic year 2021/2022 the public call for application for the admission to the first year of the Degree Course in Medicine and Surgery taught in English.

133 (one hundred and thirty-three) slots are available for non-EU applicants residing abroad.

The number of slots available might change depending on what provided by the Decree of the Ministry of University and Research (M.U.R.), in accordance with the Law of 2nd August 1999, no. 264. The MUR Decree may provide for the confirmation, increase or decrease of the slots specified in this call for application. The University will publish the related Ministerial Decree on its website.

Citizens from Norway, Iceland, Liechtenstein, Helvetic Confederation, Republic of San Marino and Vatican City are treated as EU candidates and must refer to the related call for application. Equal treatment applies to the categories that – according to what is provided by art. 26 of Italian Law 30th July 2002, no. 189 and subsequent modifications and alterations – access the courses under the same conditions as the Italian students.

Applicants wishing to take the admission test for entry to the degree course in Medicine and Surgery must meet one of the following criteria:

- a secondary school diploma that gives access to the University, issued by a State or equivalent educational institution of the Italian education system in Italy or abroad;
- final qualification of secondary education issued by an institution belonging to a foreign school system, located in Italy or abroad, obtained following a course of at least 12 years of schooling;
- final qualification of secondary education obtained in a school system that includes 10 or 11 years of schooling, supplemented with one or two years of university, provided that all the exams scheduled for those academic years have been passed.

Candidates enrolled in the last year of secondary school at the state and private school institutions of the Italian education system, or at a foreign secondary education institution that allows the achievement of a valid qualification for admission to courses of higher education of the Italian system can also apply to UniCamillus, provided that they achieve their qualification by the last

expected date for the enrolment for the academic year 2021/2022, under penalty of non-usability of the admission test result.

Students already in possession of an academic degree (obtained in Italy or abroad) and those who come from another degree course are required to observe the same procedures indicated in this call for applications and take the admission test.

With regard to candidates who have obtained a High School Diploma, or are in their final year of High School, and have studied in a foreign institution, the related foreign qualifications are deemed valid only if accompanied by a Declaration of Value issued by the Italian diplomatic representation.

Candidates who do not possess or do not submit the necessary qualifications within the deadlines indicated by the university, according to current legislation, will lose the benefit to enrol or forfeit their enrolment if already admitted and have no right to the refund of the amount paid.

With reference to the recognition of foreign qualifications, the University will take into account the indications provided by the Ministry of University and Research "Procedures for entry, stay and enrolment of foreign/international students to courses of higher education in Italy for the academic year 2020/2021" and subsequent amendments (<http://www.studiare-in-italia.it/studentistranieri>).

The University will provide two cycles of Seminars ancillary to the medical profession to those entitled to qualify in a useful position. The topics covered in the Seminars are not part of the academic curriculum and will not be subject to examination, but are considered by the University to be extremely useful and enriching. The enjoyment of these seminars, therefore, while not mandatory, will be made available through unique credentials that can be used with extreme flexibility of time according to the user's preferences.

Article 2 – Application submission

For the entry into the Degree Course in Medicine and Surgery candidates are required to take an admission test. Registration for the admission test will be possible from 15th March 2021 to 30th May 2021.

In order to complete the registration for the admission test, each candidate needs to register on the web portal <https://unicamillus-admission.ilmiotest.it/> as non-EU student, and follow the instructions.

For all candidates, the fee of € 50.00 (fifty) to take the test shall be paid by 30th May 2021 directly to UniCamillus via Paypal. The amount paid is not refundable for any reason.

The candidate is responsible for the information given when filling in the registration form. The presence of false, incorrect or omitted information results in the immediate exclusion from the test or, if already passed, the cancellation from the lists of those admitted.

With the submission of the registration form the candidates authorise UniCamillus to carry out checks at institutions and authorities that have issued or validated the qualifications declared.

In case of difficulty in the registration procedure, an e-mail can be sent to admission@unicamillus.org for assistance.
