CALL FOR APPLICATION FOR THE ADMISSION OF NON-EU STUDENTS TO THE 6-YEAR DEGREE COURSE IN DENTISTRY AND DENTAL PROSTHETICS OF THE SAINT CAMILLUS INTERNATIONAL UNIVERSITY OF HEALTH SCIENCES (UNICAMILLUS) FOR THE ACADEMIC YEAR 2021/2022

Article 1 – Available slots and admission requirements

Saint Camillus International University of Health Sciences, hereunder referred to as UniCamillus, has published for the academic year 2021/2022 the public call for applications for the admission to the First Year of the Degree Course in Dentistry and Dental Prosthetics.

34 (thirty-four) slots are available for the non-EU candidates residing abroad.

The number of slots might change depending on what provided by the Decree of the Ministry of University and Research (M.U.R.), in accordance with the Law n. 264 of August 2nd 1999. The MUR Decree may provide for the confirmation, increase or decrease of the slots specified in this call for application. The University will publish the related Ministerial Decree on its website.

Citizens from Norway, Iceland, Liechtenstein, Helvetic Confederation, Republic of San Marino and Vatican City are treated as EU candidates and shall refer to the related call for application. Equal treatment applies to the categories that – according to what is provided by art. 26 of Italian Law 30 July 2002, n. 189 and subsequent modifications and alterations – access the courses under the same conditions as the Italian students.

Applicants wishing to take the admission test for entry to the Degree Courses in Dentistry and Dental Prosthetics must meet one of the following criteria:

- a secondary school diploma that gives access to the University, issued by a state or equivalent educational institution of the Italian education system in Italy or abroad;
- final qualification of secondary education issued by an institution belonging to a foreign school system, located in Italy or abroad, obtained following a course of at least 12 years of schooling;
- final qualification of secondary education obtained in a school system that includes 10 or 11 years of schooling, supplemented with one or two years of university, provided that all the exams scheduled for those academic years have been passed.

Candidates enrolled in the last year of secondary school at the state and private school institutions of the Italian education system, or at a foreign secondary education institution that allows the achievement of a valid qualification for admission to courses of higher education of the Italian system can also apply to UniCamillus, provided that they achieve their qualification by the last expected date for the enrolment for the academic year 2021/2022, under penalty of non-usability of the admission test result.

Students already in possession of an academic degree (obtained in Italy or abroad) and those who come from another degree course are required to observe the same procedures indicated in this call for applications and take the admission test.

For the candidates who already have a foreign secondary school diploma issued by a foreign education system the qualifications are deemed valid if accompanied by the Declaration of Value issued by the Italian diplomatic authorities.

Candidates who do not possess or do not submit adequate qualifications within the deadlines indicated below, according to current legislation, will lose the benefit to enrol or forfeit their enrolment if already admitted and have no right to the refund of the amount paid.

With reference to the recognition of foreign qualifications, the University will take into account the indications provided by the Ministry of Education, University and Research "Procedures for entry, stay and matriculation of foreign / international students to courses of higher education in Italy for the academic year 2020/2021" and subsequent amendments (<http://www.studiare-in-italia.it/studentistranieri>).

The University will provide two cycles of Seminars ancillary to the medical profession to those entitled to qualify in a useful position. The topics covered in the Seminars are not part of the academic curriculum and will not be subject to examination, but are considered by the University to be extremely useful and enriching. The enjoyment of these seminars, therefore, while not mandatory, will be made available through unique credentials that can be used with extreme flexibility of time according to the user's preferences.

Article 2 – Application submission

For the admission to the six-year Degree Course in Dentistry and Dental Prosthetics candidates must take a test. The registration for the admission test will be possible from March 15th to May 30th 2021.

In order to complete the registration for the admission test, each candidate needs to connect to the web portal <https://unicamillus-admission.ilmiotest.it/>, register as non-EU student and follow the instructions.

The fee for the registration to the admission test, of € 50,00 (fifty) must be paid by May 30st 2021 directly to UniCamillus via Paypal.

The amount paid will not be reimbursed in any case.

The candidate is responsible for the information given when filling in the registration form. The presence of false, incorrect or omitted information even in only one part leads to the immediate exclusion from the test or, if already passed, the cancellation from the lists of those admitted.

Upon submission of the form for the registration to the test the candidate authorises UniCamillus to carry out checks at institutions and authorities that have issued or validated the academic qualifications submitted.

In case of difficulty in the registration procedure, candidates can send an e-mail to admission@unicamillus.org for assistance.
