CPD SECOND-LEVEL COURSE

AIM:

The CPD course aims to implement a rational diagnostic approach and formulate a correct treatment plan, providing the basis for an orthodontic treatment that uses the latest technologies, deepening the knowledge of the problems inherent in the various stages of growth, from early childhood to adulthood, up to the treatment of cases that need orthognathic surgery and that takes due account of the functional and aesthetic implications. Knowledge about relapses and their prevention will be deepened. The educational objective of the Master is to develop specialized knowledge on the design and execution of treatment plans taking into account a correct diagnosis and using the latest orthodontic techniques.

The CPD course is qualified as SCIENCE for its technical and scientific characteristics.

CAREER OPPORTUNITIES:

Those who will complete the CPD 2nd level course in Orthodontics will be able, independently of the laws in force in the various countries, to carry out their professional activity autonomously at private health facilities, in a dependent or free professional regime.

Director Mauro Cozzani
