## Selection Notification

II level Master of Science

### IMPLANT DENTISTRY

A.A. 2020/2021

The Master's Degree Program 'University Master in Implant Dentistry' (UMID) is designed for the general dentist who has already taken the first step towards the field of implantology. You have already placed implants and now want to develop your practical skills and build up solid, scientific knowledge in order to provide safe, appropriate and efficient treatments.

After successful completion of the program, graduates will receive the academic title of "Second level Master of in Implant Dentistry". The graduates will be able to independently plan and implement therapy concepts for the treatment of patients requiring dental implant prosthetics. In addition, graduates will also have the skills required to select, analyse and fully integrate into their own practice a full range of treatments and knowledge in this field of dental implantology.

The Master's course is qualified as **SCIENCE** due to its technical and scientific characteristics.

<p><b>Master's Director:</b> Prof. Ugo Covani</p> <p>The Master main partner is the Istituto Stomatologico Toscano <a href="https://www.istitutostomatologicotoscano.com/">https://www.istitutostomatologicotoscano.com/</a></p> <p><b>Requirements:</b></p> <ul style="list-style-type: none"> <li>• Master's degree and / or specialist degree in dentistry and dental prosthesis;</li> <li>• Master's degree and/ or specialist degree in medicine and surgery with specialization in Dentistry or qualification for the practice of dentistry;</li> <li>• Master's degree in Medicine and Surgery.</li> </ul> <p>Other candidates who can also apply: Candidates in possession of an Academic Degree equivalent to those listed above obtained in a foreign University.
