

## CURRICULUM VITAE et STUDIORUM

**Name:** Stefano Nardi  
**Date of Birth:** October, 7, 1969  
**Place of Birth:** Naples, Italy.  
**Current Position:** Director, Department of Arrhythmology, Presidio Ospedaliero "Pineta Grande", Castelvoturno (CE), Italy  
Proctor, Consultant and Trainer for Emerging markets (Turkey, Middle East, Africa and Eastern Europe) for Johnson & Johnson EP Division

### Fields of Expertise

Electrophysiology; Catheter Ablation of Cardiac Arrhythmias; Ablation of Atrial Fibrillation; Ablation of Ventricular Tachyarrhythmia; Non-Fluoroscopic Mapping; Cardiac Pacing; Biventricular Pacing, Non-excitatory Current (NEC) on Cardiac Contractility Modulation (CCM); Trans-thoracic Echocardiography (TTE); Trans-esophageal Ecocardiography (TEE); Emergency Room; Coronary Care Unit (CCU); Left Atrial Appendage (LAA) Closure.

### Contact Informations

**Hospital:** Presidio Ospedaliero "Pineta Grande", Castelvoturno (CE), Italy. PO Box: 81.030  
**Hospital tel:** 0823 854111  
**Hospital fax:** 0823 854439  
**Hospital mail:** [stefano.nardi@pinetagrande.it](mailto:stefano.nardi@pinetagrande.it)  
**Private mail:** [nardi.stefano@libero.it](mailto:nardi.stefano@libero.it)  
**Institutional mail:** [centrocardiologiconardi@gmail.com](mailto:centrocardiologiconardi@gmail.com)  
**Web site:** [www.centrocardiologiconardi.it](http://www.centrocardiologiconardi.it)

### Education and Qualifications

1974-1979 Primary School "Minerva", City of Naples  
1979-1982 Secondary School "Scuole Pie Napoletane", City of Naples  
1982-1987 High-School "Scuole Pie Napoletane", City of Naples  
1987-1984 School of Medicine, University of Naples "Federico II"  
1994 Graduated in Medicine and Surgery (MD) at University of Naples "Federico II"  
Thesis: "Role of Radiofrequency Catheter Ablation in the treatment of Wolff-Parkinson-White syndrome". Score: 110/110 with Honors  
1995 Medical Licensure (Italy)  
1994-1998 School of Cardiology at "Second University of Medicine", Naples, Italy  
1998 Graduated magna cum laude in Cardiology  
Thesis: "Usefulness of Doppler Myocardial Imaging in the localization of Accessory Pathways"  
1998-2000 "Neonatal Emergency" Grant, Division of Pediatric Cardiology, "Second University of Naples" at "Antonio Monaldi" General Hospital, Naples, Italy  
1998-2002 Winner of PhD in "Cardiologic and Cardio-Surgery Science" at "Second University" of Naples, "Antonio Monaldi" General Hospital, Naples, Italy 1998-2002  
1998-2000 Master in Echocardiography, Division of Cardiology "Antonio Monaldi" General Hospital, Naples, Italy

### **Cardiologic Training**

- 1990 - 1994 Theoretical and practice experienced at the Department of Critical Care Medicine and Emergency Room. "San Paolo" General Hospital (Chief: Dr. Fernando Schiraldi), Naples (NA), Italy
- 1994 - 1998 Theoretical and practice experienced at the Cardio-vascular Department and Coronary Care Unit (Chief: Prof. Nicola Mininni) and Echocardiographic Laboratory (Chief: Dr. Pio Caso). "Vincenzo Monaldi" General Hospital, Naples (NA), Italy

### **Electrophysiology Training**

- 1991 - 1994 Interventional Electrophysiology at the Cardio-vascular Department of University of Naples "Federico II" (Chief: Prof. Vincenzo Santinelli MD, PhD), Naples (NA), Italy
- 1994-1998 Interventional Electrophysiology at the Cardio-vascular Department of "Second University of Naples (SUN)" (Chief: Prof. Lucio Santangelo, MD) and Cardio-vascular Department of "Vincenzo Monaldi" General Hospital (Chief: Dr. Benito Musto).

### **Interventional Accredited Courses:**

- From 2008 until 2012 Proctor, consultant and trainer for Medtronic EP Division in Europe, China and Sud Africa
- From 2010 until now: EP Curriculum: European Master of Cardiac Arrhythmias for invasive treatment of persistent Atrial Fibrillation, using Virtual Geometry and 3D mapping system. The Course is accredited by the European Society of Cardiology (EBAC) and in cooperation with St. Jude Medical.
- From 2010 until now: Clinical Mentor of Course (CMC) for invasive treatment of Atrial Fibrillation using "Phased RF" technologies. A worldwide training course for the ablation of Atrial Fibrillation, directed to experienced Electro-physiologists and trained Cardiologists. This is a 2-day monthly program based on theoretical and practical (live sessions) of trans-catheter ablation procedures, it's accredited by the European Society of Cardiology (EBAC) and supported by Medtronic.
- From 2013 (may): Emerging markets (Turkey, Middle East, Africa and Eastern Europe) consultant and trainer for Johnson & Johnson EP Division

### **Main present post:**

- From 2010 until now: Director of Division of "Arrhythmia, Electrophysiologic Center and Cardiac Pacing Unit". Thoracic Surgery and Cardiovascular Department "Pineta Grande" General Hospital, Castel Volturno (CE), Italy.

### **Previous post:**

- From 2019 until now: Consultant at the S. M Goretti Hospital of Latina (LT), and the Swiss Gift Hospital Dono Svizzero of Formia (LT) at the UOC of Cardiology, UTIC and Hemodinamycs
- From 2019 until now: Adjunct Professor at the Cardiology Specialization School of the Policlinico Tor Vergata of the Roma (RM)

- From 2018 until now: Proctor for Abbott Medical Italia SPA

- From 2015 until now: World Wide Consultant for Biosense-Webster Johnson & Johnson Company
- 2013 - 2015: Proctor, consultant and trainer for Nayamed, Cardiac pacing division
- 2012 - 2016: Consultant at "CDC Padre Pio, Mondragone (CE) for EP and PM/ICD implants
- 2014 - 2015: Consultant at "CDC Villa dei Fiori, Acerra (NA) for EP and PM/ICD implants
- 2004 - 2010: Director of "Arrhythmia, and Electrophysiologic Center and Cardiac Pacing Unit". Thoracic Surgery and Cardiovascular Department "Santa Maria General Hospital", Terni (TR), Italy.
- 2008 - 2010: Consultant and Coordinator of the "Electrophysiology's program" at the Division of Cardiology "Pugliese-Ciaccio" General Hospital, Catanzaro (CZ), Italy.
- 2006 - 2010: Consultant and Coordinator of the "Cardiac pacing's program" at the Division of Cardiology "Santa Maria della Stella" General Hospital, Orvieto (TR), Italy.
- 2003 - 2004: Director of EP Laboratories at "Arrhythmia, EP Center and Cardiac Pacing Unit" (Head-Director Riccardo Cappato, MD), Division of Cardiology, Istituto Policlinico "San Donato" IRCCS, Milan (MI), Italy.
- 1999 - 2003: Consultant at "Arrhythmologic Division" of San Raffaele IRCCS General Hospital (Director Carlo Pappone MD), Milan (MI), Italy.
- 1999 - 2000: Consultant at Cardio-vascular Department and Emergency Room of Presidio Ospedaliero "Villa Betania" General Hospital, Naples (NA), Italy.

### **Global Cardiologic Experience**

During my attempt at School of Medicine, as Fellows at the Cardio-vascular Department of University of Naples "Federico II", my duties involved a daily in-patient ward round and 2 weekly out-patient clinics as well as giving cardiology opinions to other departments within the hospital. In addition, I gained experience in TTE and TEE examination, as well as, in diagnostic cardiac arrhythmias and Electrophysiologic Studies (EPS). Moreover, I coordinated the cardiology clinical service and I was involved in making use of the catheterization laboratory database to facilitate clinical audit and clinical governance.

During my 4 year as Cardiology Registrar at "Second University of Naples" I was 1 day in 5 at "Emergency Department"; 1 day in 5 at Intensive CCU, 1 day in 5 at "Echocardiographic Laboratory, reporting TTE and TEE examination performed in the Department and provided an emergency echo services for urgent echocardiograms when required. Moreover, I had 2 invasive cardiac arrhythmia and pacing sessions per week.

In addition, I was on-call 1 day in 5, receiving cardiac problems referred by district general hospitals, I was responsible for the day to day management of the cardiology patients on our firm and I attended a daily senior registrar-led cardiology in-patient ward round and was asked to give cardiology opinions on patients of other teams.

### **Global TTE and TEE Experience**

Approximately 15.000 and reported over 10.000 two-dimensional and Doppler echocardiograms. Approximately 1.000 TEE as first operator and principal reporter, as well as being present during many more procedures.

### **Global Interventional Procedural Experience**

Fully trained in invasive and non-invasive management of all type of cardiac arrhythmias. I've performed, as first operator, approximately 7.000 Endocavitary Electrophysiologic Studies (EPS) and Ablation of cardiac arrhythmias using all Kind of current technologies (CARTO, NavX, Array, Focal Crio-ablation and Phased RF technologies) including approximately 1.500 ablation of Atrial Fibrillation (CARTO, NavX, Array and Phased RF technologies) and more than 200 ablation of Ventricular Arrhythmias also with Intracardial Ultra-sound (US) using both endocardial and epicardial mini-toracotomy approach (in combination with surgeron).

I gained a lot of experience in device-based implant, with more than 8.000 pace-maker implant and more than 2.000 ICD implant (50% CRT-D).

Moreover, I performed approximately as first operator, 200 lead extraction and approximately 50 left atrial appendage (LAA) closure using ACP system

### **Other Interest Languages**

Italian, English

### **Sports**

Basketball, Running, Body building

### **Principal Interventional Trial experience:**

- BIOPACE (St. Jude Medical)
- EXPERT HF (Guidant - Boston Scientific)
- LODO study (Medtronic)
- STAR AF II (St. Jude Medical)
- ERACE (Medtronic)

### **Publications, Posters and Abstracts:**

1. Cardiac resynchronization therapy before and after MitraClip implantation: An advantageous upgrading to reduce mitral regurgitation. Versaci F, Vizzari G, Sergi D, Trivisonno A, Andò G, Nardi S, Ussia GP, Romeo F. *Cardiovasc Revasc Med.* 2017 Jan 17
2. Difficult Cases and Complications from the Catheterization Laboratory: Left Atrial Appendage Closure Step-By-Step. Francesco Versaci, Stefano Nardi, Antonio Trivisonno, Angela Rita Colavita, Salvatore Crispo, Luigi Argenziano, Elpidio Pezzella, Anna De Fazio, Giampiero Vizzari, and Francesco Romeo Chapter of Testbook B. Reimers et al. *Percutaneous Interventions for Structural Heart Disease. Springer International Publishing Switzerland 2017 231 (eds.), , DOI 10.1007/978-3-319-43757-6\_19*
3. Impact of acute atrial fibrillation termination and prolongation of atrial fibrillation cycle length on the outcome of ablation of persistent atrial fibrillation: A substudy of the STAR AF II trial. Kochhäuser S, Jiang CY, Betts TR, Chen J, Deisenhofer I, Mantovan R, Macle L, Morillo CA, Haverkamp W, Weerasooriya R, Albenque JP, Nardi S, Menardi E, Novak P, Sanders P, Verma A; STAR AF II Investigators. *Heart Rhythm.* 2017 Apr;14(4):476-483
4. Safety and efficiency of ventricular pacing prevention with an AAI-DDD changeover mode in patients with sinus node disease or atrioventricular block: impact on battery longevity-a substudy of the ANSWER trial. Stockburger M, Defaye P, Boveda S, Stancak B, Lazarus A, Sipötz J, Nardi S, Rolando M, Moreno J. *Europace.* 2016 May;18(5):739-46
