

## **CURRICULUM VITAE**

Rosa Maria Paragliola, MD, PhD

### **EDUCATION AND TRAINING**

- Master's degree in Medicine and Surgery *cum laude*, Università Cattolica del Sacro Cuore, Rome, Italy (2005)
- Residency in Endocrinology *cum laude*, Università Cattolica del Sacro Cuore, Rome, Italy (2010)
- PhD in "Endocrinometabolic and endocrine-surgical Sciences" (2014)
- National Scientific Qualification for Associate Professor (2021)

### **WORK EXPERIENCE**

- Research Fellow of Endocrinology (SSD 06/D2, MED 13), Università Cattolica del Sacro Cuore, Rome, Italy (2019-2022)
- Member of the Academic Board for the PhD course "SCIENZE DELLA NUTRIZIONE, DEL METABOLISMO, DELL'INVECCHIAMENTO E DELLE PATOLOGIE DI GENERE", Università Cattolica del Sacro Cuore, Rome, Italy (2020-2022).
- Temporary research fellow (research grant) in Endocrinology (2015-2018)

### **TEACHING ACTIVITIES**

- Endocrinology, Unicamillus - Saint Camillus International University of Health Sciences
- Endocrinology in Medicine and Surgery degree courses (Italian and English), in Residency courses, in Obstetrics degree courses, in Pharmacy degree courses, Università Cattolica del Sacro Cuore, Rome, Italy. Endocrinology in Motor Sciences degree courses, Università Cattolica del Sacro Cuore, Milan, Italy
- National School of Endocrine Surgery

### **SCIENTIFIC SOCIETY MEMBERSHIP**

- Endocrine Society
- Associazione Medici Endocrinologi (AME)
- Società Italiana di Endocrinologia (SIE)

### **PARTICIPATION IN EDITORIAL BOARDS**

- Member of the Editorial Board, BMC Endocrine Disorders
- Member of the Editorial Board, Frontiers in Endocrinology
- Member of the Editorial Board and Guest Editor, International Journal of Molecular Sciences
- Guest Editor, International Journal of Endocrinology (2018-2019)

### **RESEARCH ACTIVITIES**

- Member of AME Committees "Clinical Trials" and "Endocrinology of Adolescence"
- Member of SIE Committee "Clinical Activities, Professional development and DRG of the Italian Society of Endocrinology"
- Co-investigator in the study Spruce 203
- Co-Investigator in the multicentric study: SHP617-400 EU-AIR Plenadren \_ Registry of Patients with Chronic Adrenal Insufficiency (2017-2021)
  
- Component of the steering committee of several research projects (Università Cattolica del Sacro Cuore, Rome - Johns Hopkins University, Baltimore- Università degli Studi di Tor Vergata, Rome)
  
- Component of the Italian research group "Altogether to Beat Cushing Syndrome (ABC)".
  
- Head of several local Research Project (funded by Università Cattolica del Sacro Cuore, Rome) (2019-today)
  
- Member of the following Research Projects of National Interest (Progetto di Rilevante Interesse Nazionale – PRIN)  
"Identification, characterization and potential therapeutic implications of biomolecular targets in the progression of prostate cancer: role of signaling pathways mediated by nitric oxide and estrogen" (2008) (Founded by Italian Minister of University and Research)  
"Characterization of adrenal tumors using quantitative parameters extracted from diagnostic imaging techniques" (2018)

“Development of a novel diagnostic algorithm based on combination of sonographic, cytologic, genomic and transcriptional molecular data on fine-needle aspiration biopsies as an improved strategy for preoperative diagnosis of malignancy in cytologically indeterminate thyroid nodules” (2020)

“Aviation safety: working time, period of rest and dysregulation of circadian hormonal rhythms as risk factors” (2022)

**PUBLICATIONS (November 2022)**

Author of 70 publications indexed in PubMed

Number of citations: 918

H-index 17

Author of several chapters in national and international textbooks of Endocrinology and Internal Medicine.

Speaker in several national and international medical meetings.

Rome, 14<sup>th</sup> November 2022

Dott.ssa Rosa Maria Paragliola
