

PERSONAL INFORMATIONS

Lorena Torroni

lorena.torroni@unicamillus.com

CURRENT POSITION: Junior Researcher at UniCamillus - Saint Camillus International University of Health and Medical Sciences.

PROFESSIONAL EXPERIENCE

-
- 1 October 2024 - to date** **Junior Researcher SSD MEDS/24/A**
UniCamillus - Saint Camillus International University of Health and Medical Sciences, via di Sant'Alessandro 8, 00131 Roma (Italia)
- 8 January 2024 – 7 January 2027** **Winner of fixed-term contract as Scientific and Data Processing Technician (Category D) for the Department of Diagnostics and Public Health - (Department of Excellence), University of Verona.**
- November 2023** **Winner for the award of Teaching Collaboration and Exercise Activity Assignment - Master's Degree Course "LM6 BIOLOGY FOR TRANSLATIONAL RESEARCH AND PRECISION MEDICINE" - Academic Year 2023/2024, (30 hours) II semester; Module: Medical Statistics. University of Verona.**
- March – May 2023** **Visiting researcher**
University Medical Center Amsterdam (UMC), Amsterdam, The Netherlands.
Project: "Postoperative outcomes after open versus minimally invasive gastrectomy for gastric cancer: a European multicenter study based on the GASTRODATA registry".
- 1st November 2023- 31th December 2023** **Research grant**
Department of of Surgical, Odontostomatological and Maternal-Child Sciences.
Project: "Implementation and optimization strategies for robotic oesophageal-gastric surgery"
- 1° October 2021 – 30 September 2022** **Research grant**
Department of diagnostics and public health, section of Epidemiology and Medical Statistics (University of Verona, Italy).
Project: "Use of BIG data for the assessment of acute and chronic health effects of air pollution in the Italian population (BIGEPI)"
- 1° March 2018 - 1° October 2018** **Research scholarship**
Department of Medical Oncology, University Medical Research Laboratories (LURM) at G.B. Rossi, Verona. Italy.
▪ Project: Identification of the molecular network that links obesity to pancreatic cancer progression
- October 2015 - December 2016** **Research internship**
Department of Biology, Cell Biology and Developmental Laboratory. University of Rome "Tor Vergata".
▪ Project: Modulation of mTOR through a diet high in carbohydrates and low in proteins and the effects on the metabolism of adipose tissue.
- April 2014 - June 2014** **Research internship**
Department of Medicine, laboratory of clinical molecular biology, at the "Tor Vergata" polyclinic, Rome

- Project: Analysis of the -455G / A polymorphism of the beta-fibrinogen gene: Comparison between Light cycler PCR and direct sequencing.

EDUCATION AND TRAINING

- 11 October 2023** **Training Course: Use flat form REDCap**
Management Core Health Innovation Factory (HIF) of Department.
(University of Verona, Italy).
- September 2023** **Advanced course: “Propensity Scores – practical application in non-randomised studies”.** Statisticians in the Pharmaceutical Industry (PSI) c/o MCI UK.
- 15 November 2021 – 15 November 2024** **Postgraduate Specialisation in Healthcare Statistics and Biometrics**
Department of diagnostics and public health, section of Epidemiology and Medical Statistics (University of Verona, Italy).
- 19 February– 30 September 2021** **Advanced course**
in "Medical Statistics for Research in the Human Field". University of Palermo.
- 28 July 2020** **Qualification to practice the profession of Biologist**
University of Rome Tor Vergata
- 1° October 2018 – 30 September 2021** **PhD in Applied Life and Health Sciences.**
Department of diagnostics and public health, section of Epidemiology and Medical Statistics (University of Verona, Italy).
- 27 October 2017** **Master's degree** in Cellular and Molecular Biology and Biomedical Sciences. University of Rome "Tor Vergata".
- 19 June 2015** **Bachelor's Degree** in Cellular and Molecular Biology.
University of Rome "Tor Vergata" in Biologia Cellulare e Molecolare.

PERSONAL SKILLS

- Native language** Italian
- Other languages** English: Level B2
Spanish: Level B2 (Certificato Diplomas de Español como Lengua Extranjera (DELE))
French: Level B1

FURTHER INFORMATION

- Reviewer activities** Reviewer activities for the following scientific journals:
- Cancers
 - Current Oncology
 - Journal of Clinical Medicine
 - International Journal of Molecular Sciences
 - World Journal of Surgical oncology

- Awards / Acknowledgments** **“Recti Eques - Paladini Italiani della Salute”** Award conferred on 26/10/2021 at Capidoglio-Roma.

Membership in groups / associations

Member of **GIRCG** (Italian Group for Gastric Cancer Research) since 03/02/2020
Member of **SISMEC** (Italian Society of Medical Statistics and Clinical Epidemiology) from 05/10/2020
Member of **IGCA** (International Gastric Cancer Association) from 27/01/2023
Member of **AIE** (Associazione Italiana di Epidemiologia) from 1/06/2022

Projects**Principal investigator in the following projects:****1. "Gastric Cancer in The Young Adults"**

Retrospective multicentre international epidemiological study with the aim of studying the changes and prognostic significance of the histology of stomach cancer as a function of age to diagnosis.

Coordinating center: Verona, Italy;

Other participating centers: Sao Paulo (Brazil); Shizuoka (Japan); New Mexico (Mexico); Barcellona (Spain); Amsterdam (Netherlands); Smirne (Turkey); Istanbul (Turkey); Seoul (South Korea).

2. "A picture of BMI in gastric cancer Treatment: a GIRCG retrospective study"

National multicenter retrospective observational study. The study aims to evaluate the prevalence of BMI categories (underweight, overweight and obesity) of patients operated on for gastric cancer in GIRCG centers, and to compare the prevalences observed with those observed in the adult-elderly Italian population. Secondary objective is the study of the association between obesity and surgical-therapeutic outcome.

Coordinating center: Verona, Italy;

Other participating centers: Firenze; Forli; Perugia; Roma; Salerno; Siena; Torino; Varese.

Co-Principal investigator in the following projects:**3. "Validation of a new questionnaire on gastroesophageal reflux disease (ROREX questionnaire)"**

Validation of a new questionnaire as a clinical tool for the diagnosis and evaluation of typical and atypical and extra-esophageal symptoms in reflux disease.

4. Administration of the "Multicenter Italian Validation of KOQUSS-40 Questionnaire on QoL of Patients with Gastric Cancer After Surgery" questionnaire (IQUSS).

Validation in Italian of the KOQUSS-40 questionnaire, originally developed in the Korean context, taking into account possible cultural and clinical differences. The purpose of the study is to obtain specific information on the quality of life after gastrectomy surgery in order to improve nutritional support and functional recovery strategies in the post-operative period.

5. "PIPAC in multimodal therapy for patients with gastric cancer limited peritoneal metastases: PIPAC Ver-one phase III multicentre randomized experimental study"

Multicenter randomized prospective study that aims to evaluate whether the association of PIPAC (intraperitoneal chemotherapy with pressurized airflow) to chemotherapy compared to chemotherapy alone increases the percentage of patients who undergo surgery with radical intent (cyto-reduction and HIPEC).

Bibliometrics data

Co-author, as of 2018, of 40 publications; 451 citations; H-Index:10SCOPUS: 57204444615

Web of Science: EAI-2983-2022

ORCID ID: 0000-0002-0707-7153
